The HCV program is a federally funded program that assist very low-income families, the elderly and person with disabilities. Once a family is determined eligible to participant in the program, the family is issued a housing choice voucher to find a safe, decent and sanitary unit of the family's choice, in the private rental market, where the owner agrees to rent the unit under the HCV program. The assisted unit must meet minimum standards of health and safety as determined by HUD and the RRHC. The RRHC will pay the owner a housing subsidy on behalf of the family and the family is responsible for paying the difference between the housing subsidy and the rent to the owner. The RRHC's current jurisdiction include Wayne, Macomb and Oakland counties of Michigan.
